

Inspire your World Language Students to Chat!

Nualang provides students with highly-engaging language communications practice as they interact with “Nualas” — the platform’s irresistible chatbots. An innovative World Language Learning platform, Nualang is designed to help students excel in their reading, writing, listening and speaking skills.

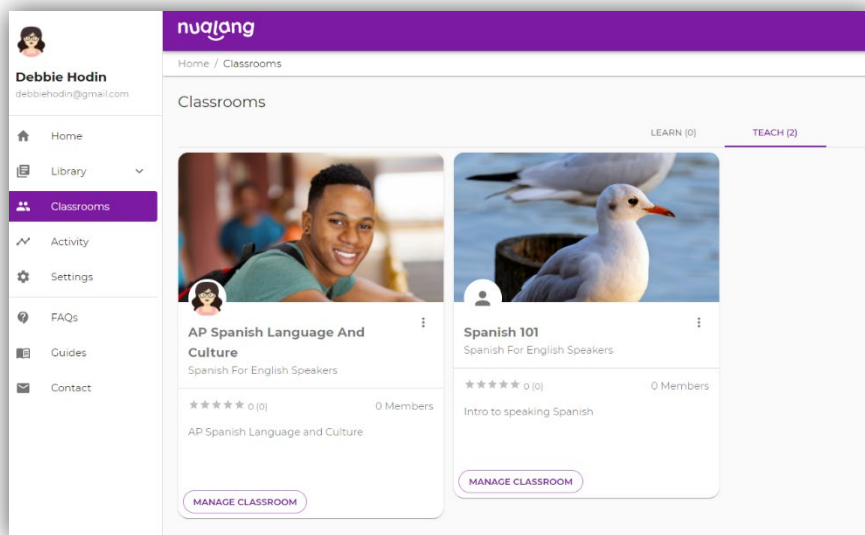

We created a platform which allows teachers to...

- easily create or adapt fun lessons that build speaking confidence
- provide personalized and authentic practice
- share their creations with others

Why try Nualang?

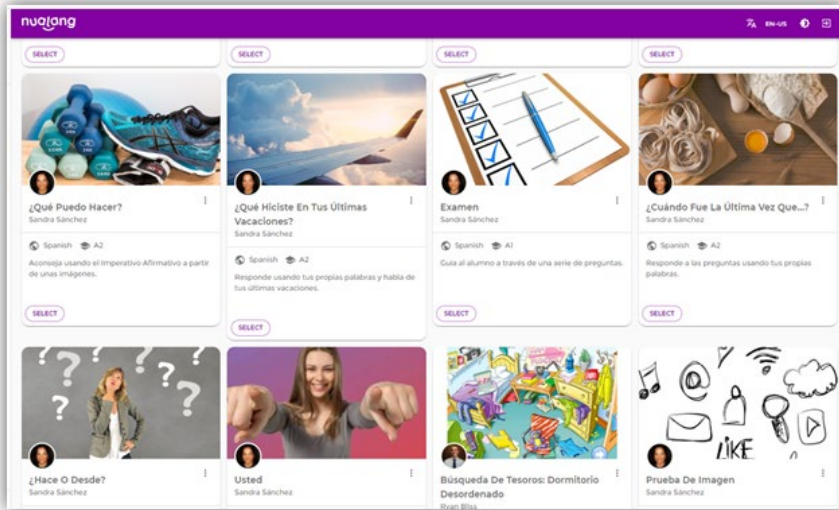

It’s ideal for supporting ACTFL’s interpersonal, interpretative, and presentational requirements, preparing for an AP test, or planning for Exchange Students and Travel Groups! Nualang supports your teaching style and helps you differentiate learning for your students, whether you need to offer targeted practice, pronunciation support, expand your online language classroom, or create courses.

Make language practice FUN!

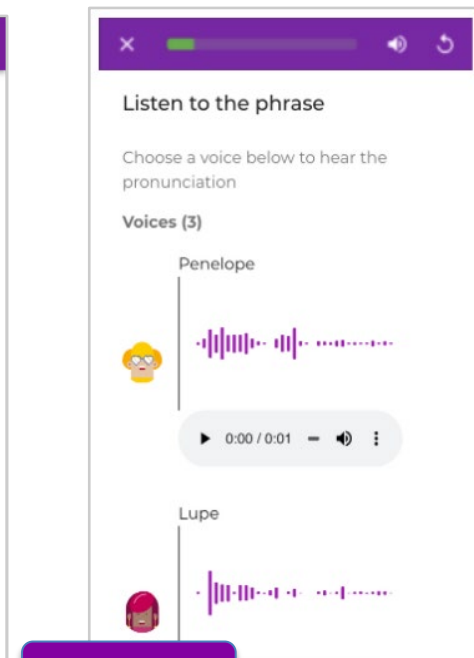

Nualang automatically generates exercises for your students based on your phrases list. Students get the support they need as they practice and complete exercises.

Exercises

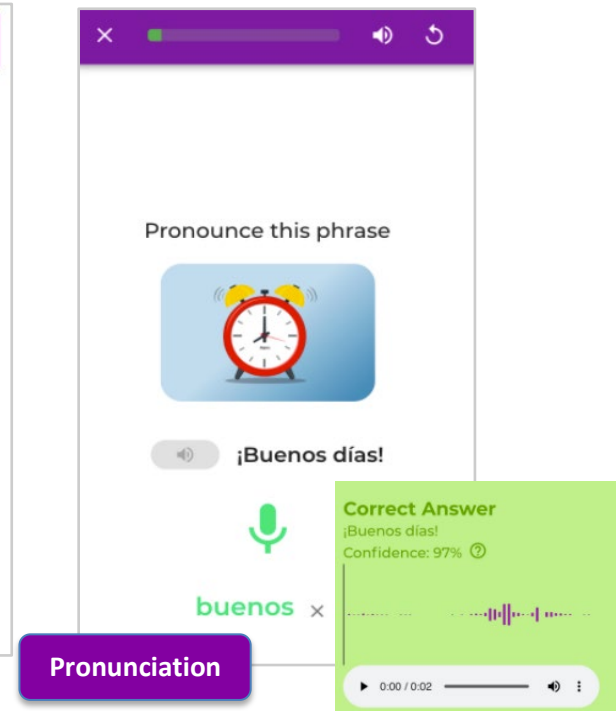

Translation

Students translate phrases with or without word prompts.

Listening

Students can listen to different pronunciations or dialects. Teachers can also upload their own voice recordings.

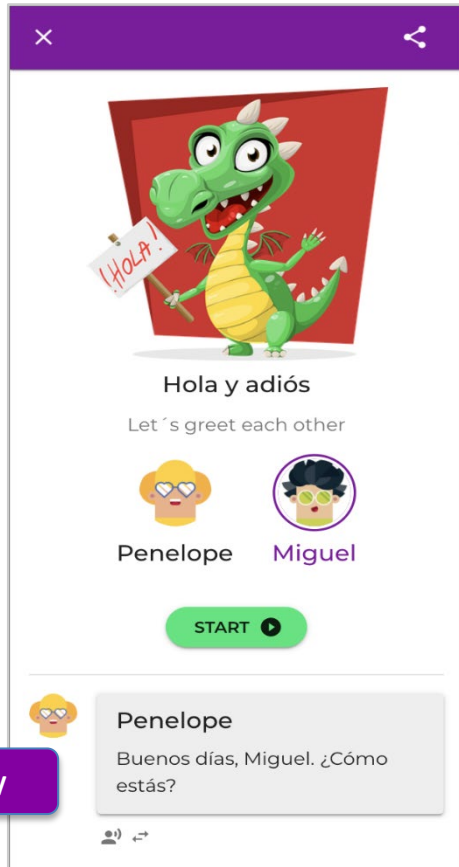

Pronunciation

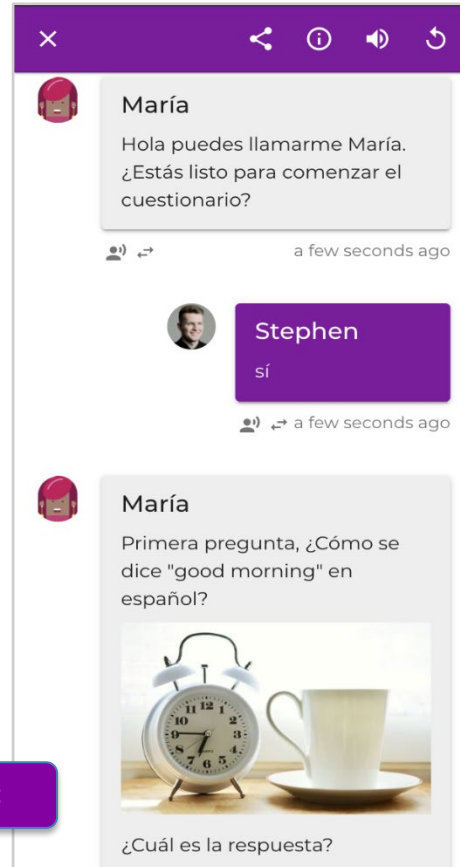

Students receive an automatic score of their pronunciation and have the opportunity to listen or re-record.

Roleplays and Chatbots

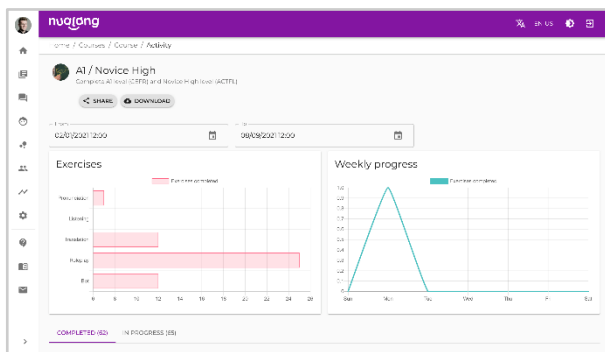

Help your students deepen their language and conversation skills even more with Roleplays and Chatbots! Roleplays are scripted conversations and students play their part. Chatbots are more flexible and replies can vary – just like a real conversation!
